HEALTH AND HUMAN SERVICES

WISCONSIN WORKS

The Wisconsin Works (W-2) program under current law provides work experience and benefits for low-income custodial parents who are at least 18 years old. Also, under a W-2 program known as Wisconsin Shares, an individual who is the parent of a child under the age of 13 or, if the child is disabled, under the age of 19, may receive a child care subsidy if the individual needs child care services to participate in various educational or work activities and satisfies other eligibility criteria.

This bill authorizes DCF, which administers the child care subsidy program, to do any of the following to reduce costs under the program:

1. Implement a waiting list.
2. Increase the copayments that individuals who receive a subsidy pay.
3. Adjust the amount of reimbursement paid to child care providers.
4. Adjust eligibility levels for subsidies.

For further information see the *state* fiscal estimate, which will be printed as an appendix to this bill.

Wisconsin Shares

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

SECTION 1. 49.155 (6d) of the statutes is created to read:

49.155 (6d) COST-✓SAVING MEASURES. To reduce costs under the program under this section, the department may do any of the following: ✓

(a) Notwithstanding sub. (1m), implement a waiting list for receipt of a child care subsidy under this section.

(b) Notwithstanding sub. (5), increase the copayment amount that an individual must pay toward the cost of child care received under this section.

(c) Notwithstanding sub. (6), adjust the amount of reimbursement paid to child care providers providing child care services under this section.

(d) Notwithstanding sub. (1m), adjust the “eligibility levels” for receipt of a child care subsidy under this section.

****NOTE: What does “eligibility level” refer to? Are you referring to adjusting the criteria for eligibility? Adjusting the total number of participants that the program can accommodate? I can’t tell and would prefer to use language that more exactly describes what it is.

Hi Pam,

You asked me in this draft about changing eligibility levels, and I wanted to follow up in case you would like to amend the draft.

In order to be eligible for Wisconsin Shares, a participant's income must be at or below 185% FPL for initial eligibility and at or below 200% FPL for continuing eligibility. We want to give the department flexibility to change these percentages if needed to stay within the estimated expenditure levels for Wisconsin Shares subsidies included in the budget.

I hope this answers your question, but if you need to follow up, I am here!
